

SOFT DREAMS

— any shape

ege[®]

we create more than carpets

Total freedom Your carpet – your design

Would you like to design the shape of a rug to customize it precisely to your home? With Soft Dreams Any shape we give you the opportunity.

Create a truly unique rug just by handing in a sketch with the outline of the rug. Anything is possible as long as an accurate dimension point along and across the outline is given. The rug can be tailored to slanting angles, reproduce the shape of a beautiful artwork or the child's favorite teddy bear.

You can also choose a square, rectangular or round rug in any size you want.

The rugs from Soft Dreams are produced in 100 % polyamide. The pile construction and play of colours provide a unique expression perfect to create a soft and personal atmosphere in the room.

Choose between 21 trendy colours.

Design the carpet shape as you wish. Below are some examples for inspiration.
