

# MODULAR EXPRESS

**ege**<sup>®</sup>

we create more than carpets

Modular express is a flexible concept of 48 x 48 cm modules offering infinite possibilities of creating individual and impressive modular flooring solutions. Consider style, design, texture and budget and select the modular express quality matching your requirements. Create unique flooring solutions by combining different patterns in matching or contrasting colours or recolour with the highline express palettes to fit the solution to your style and budget requirements. Modular express makes it possible to adapt each room to the continuous changes a building goes through. Tiles can be removed whenever needed, providing easy and flexible access to the raised floor system. Modular express ensures a healthy indoor climate due to the easy to fit, 100 % textile modular backing.

Some of the modular express designs are available as broadloom. See overview and ordering numbers at the back of the catalogue.
